# A PESACH MESSAGE

**TO OUR JEWISH BROTHERS AND SISTERS AROUND THE WORLD,**

Israel's Jewish Peoplehood Coalition wishes you a safe, healthy and meaningful Passover.

Our forced physical separation during this difficult time only deepens our social solidarity with Jewish communities near and far.

The Hebrew word "Korban" means both "sacrifice" and "to bring close." The "11th Plague" facing our world requires us all to sacrifice our physical closeness as a sign of our ultimate compassion towards another. This moment serves as a timely reminder of our interconnectedness and responsibility as a united Jewish people.

We, the Peoplehood Coalition, take a renewed personal responsibility to strengthen the bonds that connect Israel with Jews around the world. From Zoom to New York to Jerusalem, may the coming days bring with it renewed opportunities to celebrate our exodus together.

**THIS YEAR, FROM AFAR.**

**NEXT YEAR, TOGETHER,**
